Have a peek!

By now, the two of us begged consistently and constantly to have the vibrator turned off while the boys ignored our pleas. I felt stupid because we had actually discussed this very thing, Celeste making clear and me agreeing that no matter how much we begged, we kept going.

I had begged for sex to end before.

After three orgasms.

Not nine that felt like dozens!

The bottom line was I knew that vibrator would be on for the five or ten minutes left in the hour no matter how much we begged.

We tried kissing each other. We tried comforting each other. It didn't matter. Another orgasm hit and it was far too much for me to handle. Celeste cried out, "Oh no!" and came as well.

"Wow," Ben said. "That's ten, then."

Then Amaro said something that had to be the most terrifying thing I had ever heard in my life. He said, "I never thought it would be possible for someone to cum 10 times in 20 minutes."

Twenty minutes?

We.... Holy shit. Forty minutes left? I didn't think I'd survive the next five.

**Warning:** This audiobook contains very explicit descriptions of sexual activity including bondage, domination, vibrator torment, reluctant orgasms, reluctant sex, submission, and more. Only mature adults who won't find that offensive should listen to this book.
