## Synopsis

---

author	Melissa Bowersock
readBy	Julie John
inLanguage	english

Paranormal investigators Sam Firecloud and Lacey Fitzpatrick are preparing for a new venture—launching Sam's ceramic art studio with an open house. Their plans are suddenly derailed when someone targets Sam with deadly intent. The LAPD are on it, but leads are slim, and meanwhile they have a new haunting to research, one that is threatening small children. Neither investigation gives up clues easily, but Sam and Lacey have to keep working both before someone ends up dead.
