

Riot Kings

author: Ruby Vincent

2026-07

Synopsis

author	Ruby Vincent
readBy	Addison Barnes
inLanguage	english

A secret lies at the heart of this town. At the heart of my tragedies.

And I won't stop until I find the truth.

Unfortunately, I can't count all the obstacles in my way.

The battle between the Crows and Bedlam Boys is heating up.

No one is safe. No one is innocent.

Every move to protect the people I love brings them closer to danger, and I never thought that list would include the Bedlam Boys.

They're falling for me.

Bringing me deeper into their world where I've never felt so safe and protected.

All I want is to beat back the shadows creeping into our lives.

But the more I discover, the more I begin to wonder if the person I can't trust is myself.

Riot Kings is a dark contemporary reverse harem romance. This is the second book in The Bedlam Boys series.
