Desperately Seeking the Amulet of Yendro Alex enters a roguelike embedded inside the Tower of Gates VRMMORPG. If he makes it out by avoiding Yet Another Stupid Death, heâ€™ll gain an epic magic item and rejoin his companions. Was taking the chance and going into the roguelike his biggest mistake? Or will playing bring him even further riches and glory? Find out in this first supplement adventure in the Tower of Gates universe.
YASD! Aaargh! If you loved Rogue, Nethack, or any of the other procedurally generated RPGs, you should grab this book.
