Romeo is a hot guy who is in love and lusting for Julian a cute blonde in his college Theater Studies class. He has a plan to get to know him better. Step one is he and Julian getting cast as George and Emlyn in their gender bender production of *Our Town*, then spicing it up by costuming the pair of young actors in as little as possible! <p>It's certain to get an audiences attention, but will the rehearsals in private bring about the love scenes Romeo is planning on?</p>
