**Tired of struggling with writer's block? Then, read on...**

This ancient system helps storytellers access the realm of ideas - the world of the Muses. By integrating left- and right-brain activity, you can open your awareness to the subconscious levels where true creativity takes place. *Runes for Writers* can take you from blocked to unblocked. For good.

The runes of the Elder Futhark were used by ancient Germanic shamans for divination, centuries before they came into use as a writing system. Now, novelist and shamanic practitioner Marc Graham brings these tools of the ancients into the 21st century.

Using a combination of cards, tiles, and dice, writers (and storytellers in any medium) can silence the inner editor and tap directly into the realm of the Muses - the source of story.

With a series of rune castings created specifically for storytelling, you can:

- Develop character sketches
- Troubleshoot scenes
- Design major plot points
- Even, outline your entire story

A companion to the *Runes for Writers* story-development system, this book is your guide into the fascinating world of deep, intuitive storytelling.
