**His proposal is ruthless: marry him or die.** Gabriel Corso is the stuff of nightmares and dirty dreams. He's a sinfully gorgeous mafia prince from a brutal rival family. In school, he was the bane of my existence. The dark villain to my sheltered princess. Then—*poof*—he disappeared. If only he'd stayed away. Turns out, our marriage is a term of his inheritance and now he's returned to collect what's his. That means ripping me from my gilded cage. It means locking me beneath his searing flesh. It means *war*. I'm not supposed to like it. To beg for more. To fall for him. There's just one problem: his obsession...it's intoxicating. Together, we could conquer this dark world, but only if he doesn't break me first.

*Ruthless Heir* is a standalone dark mafia enemies-to-lovers forced marriage captive romance with mature themes and a happily ever after. It is the first book of the Ruthless Dynasty series.
