A hot and explicit Christmas comedy featuring a brave romantic with a warm fire and a hot man on her mind. Carol is alone at Christmas time and determined not to be. When she lays eyes on a dreamboat named Nick, the sparks fly, and she's in over her head... right where she wants to be.

This book is written to be heard. In other words, get it in Audible. If reading is your preference, just be aware that this book is more of a script for actors than most fiction written to be read.

Saint Nick's Naughty Helper: A Spicy Christmas Carol is adult fiction with explicit language and erotic, fantasy entertainment.
