

Salvation's Dawn: An Epic Fantasy Saga

author: Joe Jackson

2026-07

Synopsis

author	Joe Jackson
readBy	Chelsea Stephens
inLanguage	english

When Citaria falls under the shadow of a demonic incursion, only a legendary hero can stop them.

For Karian Vanador, though, being resurrected comes with a price. Not only is she in a different time and place, but the world has changed in her absence, and she must face the dark demons of her past once again.

Partnered with allies who would've been her enemies in her past life, she must adapt to this new world and lead these young heroes to fulfill their potential - to stop a civil war being stoked by demonic influences. If they fail, Citaria may fall to a war that dwarfs the Apocalypse.

What lies beneath the demons' sudden interest in Citaria? And how is one woman supposed to counteract it? The gods sent their best, but can she become the hero of today as well?

Experience the start of an epic fantasy saga for the ages. It's perfect for fans of Raymond E. Feist, R. A. Salvatore, and Bryce O'Connor.
