Everyone has their secrets...and their cravings.

A violent and bloody past...

A rocky and dangerous present...

A terribly uncertain future...

Birchton was a last resort for Mia. She's not sure what drew her here. Maybe it was because it's far away from the man who tried to kill her? Or because she's longed to be back in the wilderness once again? Or was it the fact that her long-lost friend has suddenly appeared back in her life?

There's something about Rowan that shakes her to the core, especially when he touches her for the first time. She knows there's an animal inside of him, but can she handle his incredible thirst to mate with her?
