Collecting ghosts is the ultimate thrill. Can Shane Ryan stop a powerful cult from such deadly obsession?

Barely escaping from his last brush with death, Ghost hunter and retired Marine Shane Ryan is hot on the trail of the sinister cult, who betrayed him. This evil cabal seeks to capture and control an army of violent spirits. And unless Shane can stop them, theyâ€™ll unleash an evil deadlier than anything he has faced before. But this supernatural conspiracy is bigger than Shane ever imagined. Finding the leader will be hard enough. Killing them may prove to be impossible. As Shane works his way through the ranks, he quickly discovers that his target may not even be alive.... The trail of clues leads to Boston, where Shane must draw upon every ounce of his training and experience. It will take a miracle for Shane to come out on top. Will he survive? Or will this be the end of our embattled hero?
