

She Was Mine First

author: M. Robinson

2026-06

Synopsis

author	M. Robinson
readBy	Stella Bloom, Lee Samuels
inLanguage	english

Being the man of honor in my best friend Livvy's wedding wouldn't be such a big deal if I wasn't in love with her.

But I won't turn her down. No matter how much it'll tear my heart out to watch her walk down the aisle toward another man.

It should have been us—from friends to lovers and back again. But after college, I was so busy building my empire that I let her slip through my fingers. She was my first. And once she realizes he's the wrong one for her

I'll be her last.

She Was Mine First is a friends-to-lover, second-chance romance from *Wall Street Journal* and *USA Today* bestselling author M. Robinson.
