Poetry is not an irrelevant fad of antiquity but a powerful tool of the past, present, and future. Whether one is talking about the Psalms of King David, hymns of Charles Wesley, poems of William Cowper, prose of John Greenleaf Whittier, or rhymes of Bob Young, poetry has been used by the great God almighty throughout the ages to rebuke, awaken, inspire, and bless his people. *Somebody Save Me: Radical Christian Poetry* is yet another collection of poetry the Lord may use to awaken his sleeping church and reach the lost masses. It features sincere poems from a mother's heart as well as evangelistic poems from a radical Christian, and deals with issues such as:

- Motherhood, modesty, homeschooling, and parenting
- Evangelizing to the lost no matter the cost
- Depression, suicide, and mental health issues
- Evolution and abortion

Somebody Save Me: Radical Christian Poetry was written to enlighten and not merely entertain, to challenge and not merely cajole, to rebuke and not merely rehearse, and to inspire and not merely amuse. Listen to this book, obey the Lord, and change the world!
