Enjoy books one through four of the Holiday Omegas series:

Cauldron Cake Pops and a Witch's Kiss - Holiday Omegas, Book 1

Sonny is an omega witch with a huge crush on the alpha bear shifter next door. Unfortunately, every time they meet, Sonny's normal sassy personality disappears and he becomes a shy, babbling idiot.

Leo is captivated by the adorable kitchen witch who lives in his apartment building, but what could Leo possibly offer him? Thanks to his ex, Leo knows he's not exactly the greatest catch. The problem is, Leo's bear knows Sonny is his mate.

Fed up with their awkward mating dance, Sonny and Leo's friends decide All Hallows' Eve is the perfect time to cause a little mischief to bring the two together.

Sugar Cookies and a Witch's Love - Holiday Omegas, Book 2

Sonny and Leo are settling into their relationship, but there are just a couple of problems. Leo hasn't claimed Sonny as his mate, and Sonny hasn't met Leo's family. Sonny may be a talented kitchen witch that can make perfect honey cakes, but he can't read his bear's mind. All he knows is that Leo isn't acting like a shifter that has found his mate.

Every day, Leo fights with his bear about claiming Sonny. A long courtship isn't something that shifters usually do, but Sonny is a witch, not a bear shifter. Leo doesn't want to move too fast and scare his mate off. Then there's his family. He knows if his family gets a whiff of their relationship, they'll descend like the pack of bears they are. Leo is learning to be more confident in himself, but he's afraid to take a chance and ruin the best thing that's ever happened to him.

A family gathering to celebrate Christmas and the winter solstice may change everything. Well, it might if annoying siblings, self-doubt, and powerful eggnog doesn't ruin it all.

Candy Hearts and a Witch's Ring - Holiday Omegas, Book 3

Meeting your fated mate doesn't automatically lead to mated bliss.

Sonny is settling into mated life with Leo, but as wonderful as it is,

something is missing. While shifters claim their mates with a bite, witches have a whole different set of traditions. He tries to convince himself that he doesn't need them, but as Imbolc draws closer, Sonny finds himself longing for the handfasting he dreamed of as a child. </p><p>Leo and his inner bear are quite content in their mating. Yes, Sonny does seem a little grumpier than usual and he does rant an awful lot about the commercialism of Valentine's Day overshadowing the Witches' holiday of Imbolc, but everyone has a bad day once in a while, right? </p><p>When Leo suddenly discovers that there is a lot more to mating a witch than claiming him with a bite, he's shocked at the amount of work ahead of him. Will Leo make the effort to give Sonny what he needs? </p><p>Bonus content: <i>Carrot Cake and a Witch's Surprise - Holiday Omegas, Book 4</i></p><p>Sonny is a very happy kitchen witch with a wonderful mate, successful potion shop, and plenty of friends and family that love and accept him. However, there's one more thing Sonny wants. A baby. What's a witch to do? Burn fertility candles, eat spelled carrot cake, and complete his morning fertility blessings of course. When his dream finally comes true, he realizes he forgot one thing. He might need to tell his mate.</p><p>Litha is coming and is the perfect time to gather the friends and family and share good news. </p><p>Author's note: These short stories are light and fluffy paranormal omegaverse love stories about Leo, a bear shifter, and Sonny, a gender-fluid kitchen witch. There is no angst and no cheating. Eighteen-plus listeners only, please. Book four contains mpreg.</p>
