Stack Silver Get Gold is the only gold and silver investing book you'll ever need because it's written by a nationally recognized precious metals investing expert and Chicago Mercantile Exchange futures trader with 15 years of buying gold and silver bullion under his belt. He reveals all the tricks of the trade that most people in the gold and silver industry probably don't want you to know.

How do you buy gold or buy silver without getting ripped off? How can you avoid having your gold and silver confiscated by the government? How do you start investing in gold and silver if you don't have a ton of money to invest using a strategy called dollar cost averaging? Where do you go if you want to make a huge silver and gold investment? You'll discover the answers to your questions above and:

- Seven types of gold and silver bullion to buy and how to sell quickly if you have to
- Eleven types of gold and silver to avoid like the plague
- Top three most secure places to store your precious metals
- How to store your gold and silver secretly in another country by setting up an offshore precious metals storage system
- How I'm personally investing in gold and silver, my exact strategy
- Exactly where/how to buy gold and silver online or locally (the actual websites/dealers I use and my personal broker who also sells gold and silver to a billionaire)
- How to add gold and silver bullion to your IRA or 401k
- Tax strategies, IRS reporting requirements, travel restrictions, and how to get around them. You need to know about FACTA, FBAR, and new financial rules concerning gold and silver.
- My best precious metals resources for all things related to buying gold and silver bullion
