From the multi BSFA award-winner comes a stunningly inventive action-packed science-fiction epic adventure. A brand-new series for fans of Becky Chambers and Ann Leckie.

Seventy-five years from today, the human race has been cast from a dying Earth to wander the stars in a vast fleet of arks—each shaped by its inhabitants into a diverse and fascinating new environment, with its own rules and eccentricities.

When her sister disappears while responding to a mysterious alien distress call, Eryn insists on being part of the crew sent to look for her. What she discovers on Candidate-623 is both terrifying and deadly. When the threat follows her back to the fleet and people start dying, she is tasked with seeking out a legendary recluse who may just hold the key to humanity's survival.

Gareth L. Powell's *Embers of War* won 2018 BSFA Award for Best Novel and was shortlisted for the 2019 Locus Awards and the 2021 Seiun Awards in Japan. Its sequels, *Fleet of Knives* and *Light of Impossible Stars*, were both shortlisted for the BSFA Award for Best Novel, and *Fleet of Knives* was also shortlisted for the 2020 Locus Awards.
