You are royalty.

What if you could experience the ups and downs of life with deep confidence and profound security? What if you felt so deeply loved that you stopped caring what people think of you, that you stopped second-guessing yourself? What if you really walked with the dignity and grace of divine royalty?

That's what *Straighten Your Crown* is all about.

This audiobook is the mirror that you have been looking for your whole life. It's a mirror that reflects how God sees you and the delight that he feels about you. You will see that you make him smile.

This audiobook will open new options to you. The option to say no to self-doubt. The option to choose your thoughts. The option to achieve anything you want. The option to believe that you are enough.

As you listen, each section will invite you to step fully into being God's daughter. You're the daughter of the king. The king's fingerprints of love and protection are evident in every area of your life, from the mountaintop moments to the darkest valley, and as you listen, you will see his love for you shows up in ways you have never before considered.

It's time to know what it feels like to be enough. It's time to know what life feels like without anxiety, without stress, and without self-doubt. It's time to stand tall with confidence and shine like the light you were created to be. It's time to straighten your crown.
