**I'm caught between the devil and the deep-blue serial killer!**

Well, he's more green than blue. He's also a lizard maniac determined to take over all of Hell. And with Taj fatally wounded, X kidnapped, and Dev so weak he's in a coma, I'm more than caught. I'm falling apart—and so are Ark and Joseph.

Eidolon won't stop until he's all-powerful, and he's holding my mate as leverage to make me do his dirty work. If I don't hand over a deadly relic, he'll kill X. If I do, he'll be unstoppable. There's no way to win this violent game of cat and mouse.

If I want to end him once and for all—and make sure he stays dead this time—I'll have to risk everything. My sanity. My magic. My mates. And I'm not sure I can pay that price.

Just think of cocktails on a private island when all this is over, Avie. Just think of cocktails.

*Sugar Rush* is a paranormal romance with psycho men, a badass FMC, twisted romance, and lots and lots of bloodlust. Demon criminals, a dark syndicate, a godlike hunter, and depraved, evil pasts fill this audiobook, but none of them are as deadly as Aveline Lachesi.
