We've seen evil. We've tasted the darkness. And we're coming for it.

My ladies and I have moved into the final battle. It's time to find my father, take on the ultimate evil that has invaded our side of the universe, and hope our efforts don't result in me making the ultimate sacrifice before I earn my chance to become an Elder.

Note from the author: Harem awesomeness and adult content galore. Yes, a lot of ball jokes. That's how I roll.
