This manual provides a review of the tactical combat advantages enjoyed by zombies and gives the listener a step-by-step guide to adopting them for him or herself. Have you wondered where the great military leaders of modern history have found their collective inspirations? Well look no further. It is the walking dead upon whom the most important tactical infantry innovations of the last three hundred years have been based.

Do you dream of becoming a soldier who fights with the efficacy and skill of a zombie? Are you a general or commander seeking to imbue your troops with the ruthless, soulless killing-efficiency of an animated corpse? Are you a voodoo priest or wizard desiring to raise an actual army of zombies to help you conquer the land and install yourself as ruler? Then, friend, this is the book for you. With this book, you will learn how to fight without weapons, communicate wordlessly, and enjoy the multifarious battlefield-strategy benefits that come with always just walking straight at the enemy. Written by the author of *The Zen of Zombie and Z.E.O.*, *The Art of Zombie Warfare* is the most authoritative tome available today on the subject of zombie combat.
