When Elizabeth Raleigh signed up to be a surrogate mother she was really in it for the \$100k paycheck and nothing more. She knew her client was a self-made billionaire from Chicago but nothing much more. And quite frankly, she didn't want to know. However, a twist of fate revealed his true identity and she could not believe it. Her client was her childhood sweetheart Luke Johns. At first it seemed as if this deal was a match made in heaven and the type of unbelievable story you only read about in romance novels. However, complications arose when some of Luke's secrets came to light and the past began to catch up on both of them. Could there possibly be a happy ending from such a complicated situation? Or was this set to end in heartbreak once again? Get this audiobook now and start enjoying this pause-resisting billionaire romance. This is full of steamy scenes, intriguing an ending that is sure to surprise you!
