“This is the first must-read of the 2024 election cycle if you want to understand the stakes.” —Nicole Wallace
A former chief Republican strategist and bestselling author of *It Was All a Lie* offers an ominous warning that the G.O.P. is dragging our country towards autocracy, and if we don’t wake up to the crisis in our system, 2024 may well be our last free and fair election.

Today’s Republican party is not a “normal” political party in the American tradition. It has become an autocratic movement masquerading as a political party. As Stuart Stevens argues in *The Conspiracy to End America*, if we look away from that truth, we greatly increase the likelihood that the America we love will slip away, never to return.

Whenever a democracy slides into autocracy, there are five critical elements at work: financiers, propagandists, party support, legal theories to legitimize, and shock troops. *The Conspiracy to End America* examines each of these driving forces on the Right and makes clear how they are working in concert to end our democracy as we know it.

In the tradition of *It Can’t Happen Here* and *On Tyranny*, *The Conspiracy to End America* is a blinking red distress call about the dark intentions lurking within Stevens’s old party and a rallying cry to beat back this perilous threat and save the Republic.
