Tina picked up the ceramic vessel and it seemed out of place in the antique shop. When she got it home, though, she became obsessed with understanding it and a thorough cleaning revealed a processional parade of ancient Greek origin. At her get together that evening, she discovers there's more to the old jar than she ever understood and before she knows it all of her guests are naked and engaging in all sorts of sexual activity. Nothing is off limits, not even Tina's untouched ass. With rough sex, lesbian sex, double penetration, and more it's another explosive entry in Diana Katsaros' new series, Playthings of the Gods, and the second volume of Artifacts of Power.

Warning: This audiobook contains very explicit descriptions of sexual activity during an orgy. It includes paranormal sex, double team sex, rough sex, reluctant sex, first lesbian sex, semen swallowing, first anal sex, and double penetration.
