After the Death Asteroid strikes Earth, Claudia is stranded on a rooftop near Denver International Airport surrounded by the cold waters of the "new" Atlantic Ocean. She and four other misfits have managed to escape the wrath of destruction and must now put the pieces back together. Are there any other survivors? </p> <p>With no choice but to return to DIA, they find a group of survivors led by Dorian Lennox, the former head of security who has put himself in charge. Claudia butts heads with Dorian, who claims he is trying to protect her. He'll wish she were dead as the Dark Days unfold. </p>
