

The Desperate Remedy

author: Martin Stephen

2026-07

Synopsis

author	Martin Stephen
readBy	Michael Tudor-Barnes
inLanguage	english

In the dark days of King James I, a man must know his enemies to survive. To Henry Gresham, gentleman, scholar, courtier, and spy, William Shadwell is invaluable. A thief, informer, double-dealer, and pimp, he may not be the most moral of men, but he is one of Gresham's best sources. When Shadwell is murdered, Gresham's enquiries uncover a plot so audacious it is scarcely believable.
