Eve Langlais presents Books 4-6 in the Deviant Future series:

Catastrophic Attraction: Roark wasn't content with the way the world worked, so he made himself king and set about changing it. In the process, he acquired enemies who would stoop to anything, even attacking his daughter, to destroy him. However, he's just one man against an unknown enemy. Until he ends up with unexpected help in Casey. A king might not be able to win her heart, but what if she got to know the man?

Iron Pirate: Known as the Iron Pirate, Darius has been sailing the treacherous seas for a decade now. But any plans for a quiet retirement walk the plank when he discovers the Princess Shereen has stowed away aboard his ship. If Shereen can prove she inherited her father's power, she might just survive. Problem is, what's a pirate to do when she asks him to be her king?

Ash Princess: An old crone has a prophecy for Cam. Everyone he loves is in grave danger, and he might be the only one who can save them. How can he say no? Especially to a princess who's already suffered so much. Because of her, he finds a reason to fight. A reason to live. What a shame he has to die.

Contains mature themes.
