First published in 1963, *The Feminine Mystique* ignited a revolution that profoundly changed our culture, our consciousness, and our lives. Today it newly penetrates to the heart of issues determining our lives - and sounds a call to arms against the very real dangers of a new feminine mystique. The underlying issues raised by Betty Friedan strike at the core of the problems women still face at home and in the marketplace. As women continue to struggle for equality, to keep their hard-won gains, to find fulfillment in their careers, marriages, and families, *The Feminine Mystique* remains the seminal consciousness-raising work of our times.

**As an added bonus, when you purchase our Audible Modern Vanguard production of Betty Friedan's book, you'll also receive an exclusive Jim Atlas interview. This interview where James Atlas interviews Naomi Wolf about the life and work of Betty Friedan begins as soon as the audiobook ends.**
