Only a few days have passed since I crossed the Barrier into the demon realm looking for answers, but in those days, everything has changed. I've lost my home, my job, and almost my life. I've learned the truth about what I am, and it's fucking terrifying.

Restoring the Barrier that separates the demon and human worlds comes down to me. One minor problem - I have no idea how to do it. My father left me clues before he died, but following them is going to prove more dangerous than anything I've faced before. Luckily, I don't have to face it alone.

The magical connection to my three protectors is growing stronger every day. It's not just the magic that draws me to them - they're sexy and powerful, and each bear their own hidden scars. While my three men are bound to keep me safe, the magic that joins us won't be complete until we find the fourth. Without him, we're still vulnerable.

On the run from the Demon Council, we journey into remote forest and seek the help of a werewolf pack who live outside the control of the Council. But everything here is not as it seems - and trusting the wrong person could get us all killed.

Contains mature themes.
