The cold waters of Lake Genosgawa hide a terrifying secret. After his first encounter, waking dreams torment 11-year-old Greg Camden. The creature in the lake feeds on his emotions, driving him deeper and deeper into his own nightmares. She tried to break him and feed on his fears that horrible summer, but instead, she imparted a psychic gift.

Twenty-one years later, Greg joins forces with the survivors from neighboring Oneka Falls to put an end to the demonic infestation once and for all.

Can they survive a battle with *The Hag*?
