Synopsis

author	R S Merritt
readBy	Virtual Voice
inLanguage	english

Some homes are built on secrets. Others are built on scars left behind when hell itself breaks through.

"I saw Satan fall like lightning from heaven." — Luke 10:18

When the devil was cast down, the impact left a scar in the fabric of the world. **Some places never healed.**

Based in part on true events, *Hole in the Hallway* is a chilling supernatural horror novel about a family's descent into terror on a remote island off the Atlantic coast.

In the early 1980s, a young family moves into a peaceful home perched high on rugged cliffs above the ocean. But something ancient is buried beneath the surface—something watching. **The children are the first to feel it.** Whispers in the walls. Shadows that move. A presence lurking just out of sight.

The adults brush it off, convinced it's only imagination—until the truth becomes impossible to ignore. As the body count rises and **the veil between worlds begins to tear**, the family uncovers a terrifying history that connects their land to **supernatural forces of biblical proportions**.

This is not just a haunted house. It's a spiritual battleground where evil doesn't knock—it enters.

Fans of *The Exorcist* by William Peter Blatty, *The Shining* by Stephen King, *The Amityville Horror* by Jay Anson, and *NOS4A2* by Joe Hill will be captivated by *Hole in the Hallway*—a story of possession, secrets, and **a home under siege by something truly unholy**.

• **A fast-paced horror story** full of twists and turns.

• **Something completely different.**
