It was the summer of my 21st year, and I was once again spending my summer vacation with my cousin Brittany. This year, we were staying at her parent's place, which was a little farm out in the middle of nowhere. It was a nice enough place, with many wooded areas that two girls could lose themselves in, and the nearest town was only about a 15-minute drive away.

It was also the summer that Brittany's little stepsister, Sera, turned 18. She seemed to be more on her mother's side of the family, unlike her stepsister, and was nowhere near as adventurous, either. To my knowledge, the girl's experimentation with sex had been limited to solitary pursuits late at night.

But this summer, that was going to change.
