As Meryton burns, a new character is forged and refined. Love ignites in the fiery ashes and smolders until the couple can be reunited. Mary Bennet spent her life fighting to be herself. If only she knew what that was. For years, trying to be exceptional, she buried her nose in the fusty musings of Fordyce's Sermons to Young Women. With Jane and Elizabeth wed and gone, Mary must find her way as Longbourn's eldest daughter.

A young woman of deep faith and inquisitive mind waits to unfurl her wings. Even as Miss Bennet overcomes her troubled adolescence, a mysterious man appears on the night of a great calamity. His secret and her love grows from a magical cabinet—the Bennet Wardrobe!

About the Wardrobe Series: The Wardrobe sends Bennets on time travel adventures where they can learn what they must. Explore how the Bennet sisters' love stories echo through time in all eight books. Some doors open to cloaks and bonnets, others to unknown futures.

This book contains a few scenes of physical and sexual violence.
