To stay safe in a world she's never known, this lady will pay a steep price....

Adored. Cherished. Pampered. Lady Delilah Darling lives an enviable life. But when cruel hands drive her away from home and into the dangerous streets of London, she's suddenly frightened, vulnerable, and alone. Desperate for safety, Lady Delilah stumbles right into the arms of Henry Gaunt, the irresistible overlord of the London Underground.

Known as The Tramp to his contemporaries, Henry rules his dark world with both charm and violence, bending the willing and breaking all others. Intent on claiming the newly fallen Lady Delilah for his own, Henry offers her protection for a price. Now Delilah is leashed. Claimed. Mastered. And as she accepts her fate as The Tramp's pet, she's left with one question: Will she also be loved?
