A missing body. A bloody bear trap. Is a serial killer back from the grave?

Tok, Alaska. Cameron Prescott hopes the past stays buried. After believing her murderous husband is finally dead, the fierce survivor longs to start over with her state trooper boyfriend. But her illusion of peace shatters when she hears of a fresh killing that resembles her late husband's grisly signature.

Horrified to learn the evidence points to a member of law enforcement, Cameron questions how well she knows her new man. And as the lies and bodies pile up, Cameron fears that she's next.

Is trusting anyone just a path to a cold tomb?
