**Detective Sarah Noble investigates a dark case in the town of Slayton.**  
**It began with the whispers.**  
In the woods, in the park, and always at night. Then they came into town, down dark alleys, and in the shadows. Before long there was a knock on the door.  
When the couple were found dead with their faces frozen in horror, the black-eyed children were nowhere to be seen. Until it happened again.  
Detective Sarah Noble will need all her intuition - and some help from young Elliott Carter - to crack a case where nothing is as it seems.
