Have you ever wondered why some presenters have such a strong impact on their audience? What if there was a way you could increase your credibility when you speak? How would you like to know nonverbal strategies used by people like Oprah Winfrey, Winston Churchill, and James Earl Jones that made (or makes) them so compelling? Well now you can! You can begin today to use these speaking strategies that are part of the art of great storytelling. Dr. Larry Iverson will guide you through proven methods that will help you make a positive impact and be more influential in every presentation you make.

- Learn how to instantly get people to believe what you are saying
- Know how to use the five components of voice tone that captivate attention
- Learn a stepbystep strategy for getting people to hang on your every word
- Refine your skills of speaking persuasively
- Learn how to build your charisma from the moment your audience sees you
- Learn how to instantly get people to believe what you are saying
