## Synopsis

---

author	Yoav Ilan
readBy	Ray Porter
inLanguage	english

The stories of *The Path of Most Resistance* feature curious nonconformists who find themselves pushing back against strange and oppressive social norms. They are mavericks who transgress the boundaries of convention in their strive for freedom and authenticity. No matter if they're in a Silicon Valley office, the far reaches of space, or dystopian futures where relationships are subjected to totalitarian control, the characters show unshakable conviction in a world plagued with uncertainty. Each story ushers you into a unique reality that unfolds step by step, leaving you with a disturbing new perception of the world.

In *Blind Date*, two lovers chosen for each other by a hidden control system attempt to peel away the layers of their oppressive reality and peer into what they were not meant to see.

In *Expressing*, a pick-up at an ordinary bar turns into a paranormal encounter.

In *The Path of Most Resistance*, a hiring manager and a job candidate go all-in during an interview that will reshape their lives.

In *Red Flagged*, a random passenger is accidentally exposed as a covert rebel fighting for freedom in a society that dictates what one is allowed to know.

In *Miscalibrated*, an interstellar expedition runs into armed conflict with an alien civilization, in which their best chance of avoiding a nuclear war is discovering the underlying truth about the communication differences between humans and these aliens.

In story after story, author Yoav Ilan displays remarkable creativity and intelligence, showing that sci-fi can be as artistic as literary fiction, and that things are never as they seem.

**PLEASE NOTE:** When you purchase this title, the accompanying PDF will be available in your Audible Library along with the audio.
