

The Perfect Puppy Project

author: Dominic Hodgson

2026-07

Synopsis

author	Dominic Hodgson
readBy	Dominic Hodgson
inLanguage	english

Are you a first-time puppy parent? Excited? Petrified? Keen to get started - but clueless about canines, no dog-owning experience, and no idea who to trust or where to turn for help? If only there was a way to avoid well-meaning but bad advice, eliminate the giant mistakes that cause life-long problems, and give your puppy a great start in life...well, now you can - because in *The Perfect Puppy Project*, superhero dog training specialist Dominic Hodgson shares a simple, step-by-step, fool-proof guide to hold your hand through the crucial first days, weeks, and months with your new family member.

In this book you'll discover:

- The fool-proof formula that eliminates all unwanted biting, chewing, stealing, and indoor pooping. This simple trick makes your puppy a joy to share your home with.
- How to correctly exercise and socialize your puppy to stop him turning into a dog-obsessed mutt who's difficult and dangerous to let off lead. Get this right and enjoy stress-free walks for the rest of your dog's life.
- How to avoid the five most common mistakes that can ruin your puppy - including how to swerve the fluffy-bunny dog trainers who run underground "dog park raves" disguised as "puppy parties".

Follow Dom's advice and you will quickly and easily create a calm routine for your puppy, helping him fit seamlessly into his new home.
