The Stars Now Unclaimed by Drew Williams is a fun, adventure-filled ride around a far-future galaxy. Think big guns, smugglers, epic space battles, and a telekinetic girl with all the gifts.

Jane Kamali is an agent for the Justified. Her mission: to recruit children with miraculous gifts in the hope that they might prevent the Pulse from once again sending countless worlds back to the dark ages.

Hot on her trail is the Pax - a collection of fascist zealots who believe they are the rightful rulers of the galaxy and who remain untouched by the Pulse.

Now Jane, a handful of comrades from her past, and a telekinetic girl called Esa must fight their way through a galaxy full of dangerous conflicts, remnants of ancient technology, and other hidden dangers.

And that's just the beginning....
