In *The Ticket That Exploded*, William S. Burroughs' grand "cut-up" trilogy, which starts with *The Soft Machine* and continues through *Nova Express*, reaches its climax as inspector Lee and the Nova Police engage the Nova Mob in a decisive battle for the planet. Only Burroughs could make such a nightmare vision of scientists and combat troops, of ad men and con men, whose deceitful language has spread like an incurable disease, be at once so frightening and so enthralling. </p>
