The first dragon rider in over a hundred years has been born. And it's a girl. **Never before has a female been chosen to ride a dragon.** The Elite, a guild comprised exclusively of dragon riders, is dead according to most. No one has seen a rider in decades. The problems they used to fight overwhelm the world. Dragons are thought to be near extinction. **However, the Elite aren't dead!** It's just that a bunch of crusty, old men who do nothing that benefits the world at large are easy to mistake as useless corpses. **Sophia Beaufont is about to change all of that.** When the dragon egg that magnetized to her hatches, it sets Sophia on a new course. The Elite are immediately notified. She's expected to train. To defend. To fight. **Sophia is ready to conquer evil, as the dragon riders should have been doing for centuries.** However, the Elite have been turning a blind eye, allowing the world to be overrun by criminals. **That's all about to change.** S. Beaufont isn't a girl who will be told to sit down and relax when a war is brewing that only a dragon rider can extinguish.
