Hannah Hickok didn't know she was a witch, but life is certainly wickedly delightful for her now. As the owner and proprietress of Casper Creek, a cosplay western town, she's found her niche in life...and love in Cooper Wyatt. It's not all smooth sailing for the couple, though, because Casper Creek was built on a magical nexus. That means evil of all kinds is drawn to the property...and Hannah in turn. It's going to take wit, wisdom, and love to overcome all the obstacles in their way, but Hannah and Cooper...and the myriad of snarky friends they've made along the way, are up to the challenge. Magic comes in many forms. Hannah is about to introduce you to the best one. This three-book omnibus includes *The Monstrous Seven*, *Dances with Witches*, and *All the Pretty Witches*.
