THE NEW MILLY JOHNSON NOVEL, *THE HAPPIEST EVER AFTER*, IS OUT NOW!

Shay Bastable is the woman in the middle. She is there for everyone else, holding them all together, looking out for them all. She is part of the sandwich generation – caring for her parents and her children – and she loves it that way. But Shay is so busy supporting everyone else, she hasn't thought for a moment about herself. And when her family start to find their own ways in the world, she is finally able to look forward to some breathing space. But when her whole world collapses, who is left to support her?
