The Zodiac /// Part 1 /// 470

Part 1 of 5

www.TrueCrimeGarage.com

In the late 60s and early 70s a hooded serial killer terrorized the San Francisco Bay Area. The killer told the press and police to call him the Zodiac. Few cases in modern True Crime have been discussed and speculated about more, especially on the west coast. In 2018 Law Enforcement in California finally apprehended Joseph Deangelo better known as the Golden State Killer. The Golden State Killer was dormant for 32 years and they still were able to arrest and convict him. The Zodiac, a much different type of killer has been silent for over 45 years. Is there still time to pull off the hood and finally identify the one who calls himself the Zodiac? Join us in the Garage as we go through the Zodiac's confirmed kill timeline and of course we will offer up some speculation and insights along the way.
