Kerry thinks life has finally begun when she is noticed by the three coolest girls in the school. For once sheâ€™s in on the jokes and sitting at the right table, and she is willing to do whatever it takes to be part of their clique. But how much will it take? And after her life with the popular crowd starts to feel as cruel as death, what will she decide to do about it? Chilling, this is a new kind of ghost storyâ€”one thatâ€™s as terrifying as todayâ€™s headlines.
