From the number one best seller Morgan Rice, author of *A Quest of Heroes* (over 1,300 five star reviews) comes a startlingly new fantasy series.

In *Throne of Dragons*, the second book in the Age of the Sorcerers series, King Godwin mobilizes his army to cross the great bridge and invade the South to rescue his 17-year-old daughter Lenore. Lenore is imprisoned deep in the South, under the watchful and hateful eye of King Ravin, and she may have to learn to escape herself first if she has any chance of escape.

Her brother Rodry, though, is way ahead of the king's men, deep in hostile territory, alone on a mission to save his sister, while her other brother Vars offers a lesson in cowardice and betrayal.

Devin follows Gray, eager to learn more about how to harness his powers and about who he is. Greave travels to remote regions to find the house of scholars and to try to save his sister Nerra. But Nerra, sickened by the scale sickness, is dying on a remote isle once touched by dragons. And her only chance of survival may just compel her to risk it all.

And all of this will culminate in an epic battle that may just determine the fate of the two kingdoms.

Age of the Sorcerers weaves an epic saga of love, passion, sibling rivalry; of rogues and hidden treasure; of monks and warriors; of honor and glory, and of betrayal, fate, and destiny. It is a tale you will not stop listening to until the early hours - one that will transport you to another world and have you fall in love with characters you will never forget. It appeals to all ages and genders.
