Meet Ashton Ford...psychic detective....

Private investigator Ashton Ford has special powers - powers that some call supernatural. A former naval intelligence officer who is highly knowledgeable in cryptology and philosophy, Ford will shatter your ideas of reality and take you into a mystical world of vision, intuition, and psychic truth. A phenomenal psychic, an unparalleled lover, and a true Renaissance man, Ashton Ford can see into the future and even into the distant past using his psychic powers to assist special clients who are in crisis.

In Don Pendleton's sixth Ashton Ford novel, *Time to Time*, the husband of an aging - though still beautiful - Hollywood movie star is concerned with his wife's unnatural compulsions and obsessions with UFOs, dolphins, and the paranormal. The actress is convinced that someone, somewhere in space, is calling her. This case leads Ashton Ford into the worlds of dolphins, extraterrestrials, and space-traveling UFOs. It is an awe-inspiring journey through the furthest reaches of time and space and mysteries of the unknown and a look into the ancient population of our very own planet Earth.
