**David's** fingers danced across the silky pink panties. The task was simple. Slip the flimsy piece on and strut around in the crowded restaurant, and the high class escort would make his first night a night to remember.

David was itching to break his unbroken streak of virginity.

At 21 years of age, the male university student was keen to finally pop his cherry once and for all, propelling his masculinity into adulthood. He secures the services of an experienced escort skilled at servicing clients with various sexual experiences. However, the naive virgin is unaware the stunning escort doubles as a cruel and sadistic domme.

And so when she learns of his untapped fetish for cross-dressing during their dinner date, the experienced escort uses her seductive skills and sexual expertise to reel the nervous pervert in, unraveling the layers of his secret cross-dressing fetish. She teases him in public, pushing him to test the limits of his secret fantasy.

It's not long before David is locked securely in a chastity cage, robed in the flimsy pink panties...panting nervously at the hint of tasting the gorgeous goddess perched in front of him, dangling the keys to his virginity.

*This 14,400 word short contains explicit scenes of feminization and sissification and should be enjoyed by adults only.*
