It's a truth universally acknowledged that a single woman in possession of a good job, four bossy sisters and a needy cat must also have want of her one true love. Or is it?

Another delightful novel from the author of *The Little Bookshop of Lonely Hearts*. Perfect for fans of Lucy Diamond and Jenny Colgan

Verity Love – Jane Austen fangirl and an introvert in a world of extroverts – is perfectly happy on her own (thank you very much), and her fictional boyfriend Peter is very useful for getting her out of unwanted social events. But when a case of mistaken identity forces her to introduce a perfect stranger as her boyfriend, Verity's life suddenly becomes much more complicated.

Johnny could also use a fictional girlfriend. Against Verity's better judgement, he persuades her to partner up for a summer season of weddings, big number birthdays and garden parties, with just one promise – not to fall in love with each other!
