Twin Navy SEALs Camden and Damon Wells realized they would have no choice but to quit the Navy. Their secret life as WereTigers was about to be exposed and they realized it would no longer be safe.

However, upon their final mission they found themselves rescuing a cute girl named Kara Rivers from a group of biker shifters.

But with no idea of what to do with her, the tigers decided to take her home with them as a souvenir.

Could Kara really handle what was about to come? Could she handle twice the tiger?
